

Identifying Client Specific Factors - Worksheet

After Completing the Assessment:

Based on the results of your assessment measures, behavioral observations and clinical interview, which of your original hypotheses were confirmed?

What additional information (separate from above) have you learned about this client from collateral contacts (social workers, caregivers, etc.)?

What additional information would you like to learn about this client?

How will you go about getting that information?

- Interview the Caregiver
- Interview the Child
- Collateral contact. Who? _____
- Administer additional measures. Which ones?
